  - More than 150 Actors
  - 30 Horses
  - 4 Boats
  - Spectacular Stunts
  - Special Effects
- A big firework over the Baltic Sea.

The Störtebeker Festival is an open-air theatre festival. It is based on stories around the medieval German pirate Claus Störtebeker, a real person who was executed in 1401.

The play is in German, but the story is easy to follow for non-German speakers, moreover, you will get a summary of it in advance.

Enjoy the play with its many special effects and stunts, including real boats approaching from the sea.

Please note:

Although the train is special, your coach will not be a sleeping coach. You may lower the seats in order to lay down to get some rest though.
